PROXIMITY DETECTION

MACHINE MOUNTED LOCATOR (MML)

IntelliZone
PROXIMITY DETECTION

- **Rugged polycarbonate body with industrial-grade potting**
- **System status diagnostic LED display**
- **UL-94 V-0 flame rated**
- **MSHA approved**

The IntelliZone Machine Mounted Locator (MML) provides crucial diagnostic and positional feedback when mounted on articulating or standard mobile equipment.

The Matrix MML enhances the system's diagnostic capabilities and is used to create zones that move in sync with articulating equipment.

MML comes standard on new IntelliZone systems and is easy to add on existing systems.
