

MATRIX MINING EQUIPMENT

This first-of-its-kind pull-behind battery-powered duster provides operators with many options over hand dusting. Pull the duster behind a rubber tire ride to blanket dust belt drives, take ups, under belt lines and across areas not easily accessible for hand dusting.

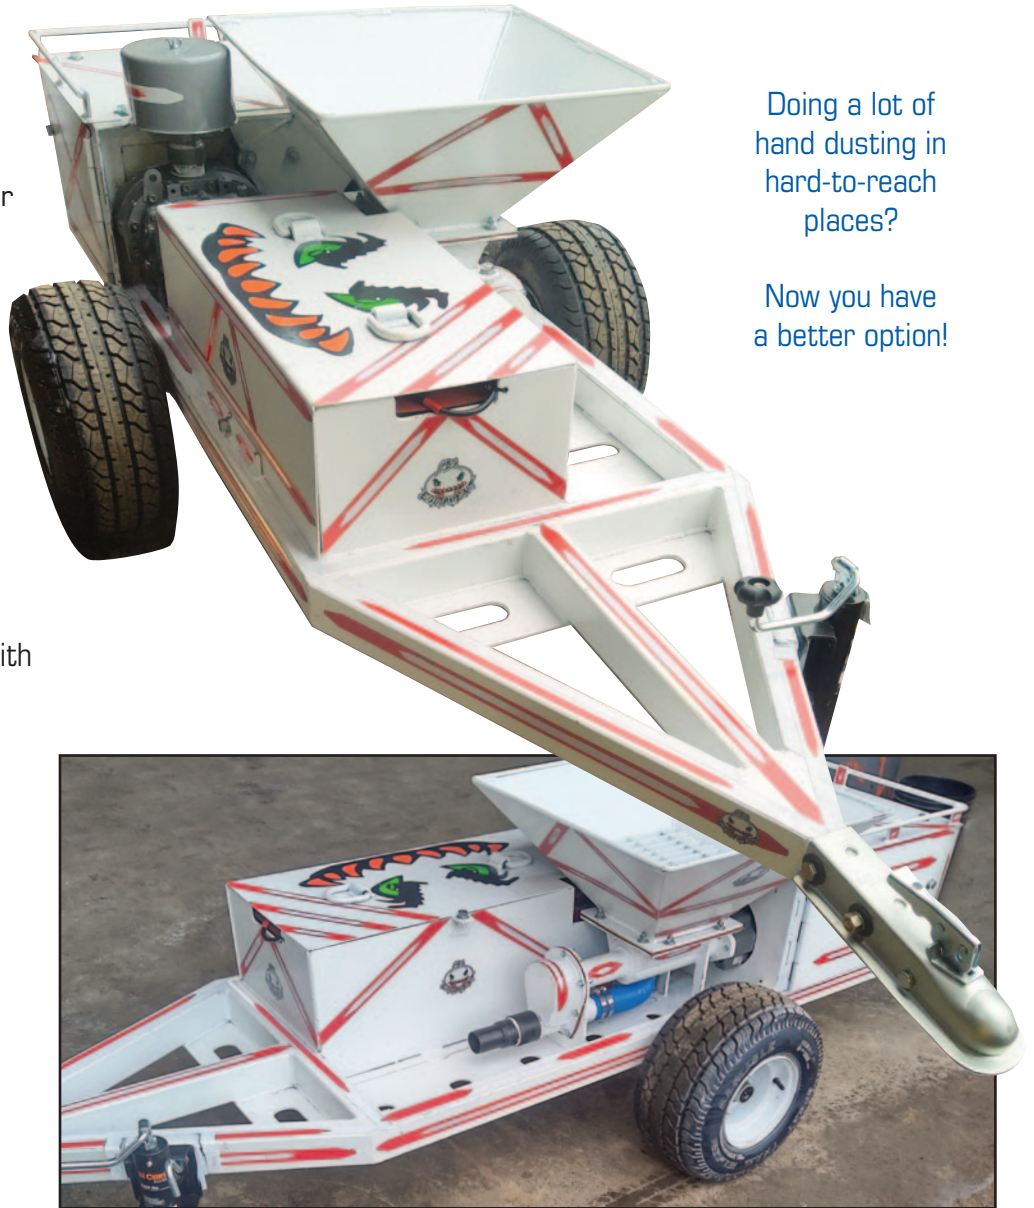

OVERVIEW

- 150 lb. hopper standard, Optional 400 lb. hopper
- Mounted control panel, fused with On/off switch and E-stop
- Optional umbilical remote start/stop for use with up to 15' of hose
- 36-volt, 5 HP motor with direct driven blower and belt-driven auger
- (6) 6-volt industrial batteries
- On-board 36-volt charger
- Roots 33 blower
- 2" trailer coupler
- Trailer support jack
- Foam-filled 18X8.50 tires
- Dusts up to 200' with 2" hose

PULL-BEHIND BATTERY-POWERED BANTAM DUSTER

Doing a lot of hand dusting in hard-to-reach places?

Now you have a better option!
