## Cloud-Based ERP System

*"Good ERP systems force people to work together, and Delta does this well. It provides process discipline, which is great for new & growing mines."*

The Path to Automation

- **Comprehensive ERP solution**
- **Cloud-based remote connectivity & processing**
- **Streamlined business process**
- **Easy, visible information flow between departments**

Business success depends on the effective management and coordination of operations, finances and human resources. An effective ERP system that syncs with your business makes this effort much simpler.

DeltaERP5 by DataSaint is a full-function, best-practice, cloud-based ERP solution for business operations in capital-intensive industries such as mining and industrial manufacturing.

DeltaERP5 is ideal for start-ups or small- to-medium-sized operations. The program provides more features than larger scale ERP systems.

Maximize profitability by allowing your people to understand their costs, budget & operating expenses with DeltaERP5.
